| Konjugation              | CF405M                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | CD19 (clone SJ25C1) is a mouse monoclonal antibody that recognizes the human protein CD19. CD19 is a common marker of B cells, and is a B cell coreceptor. This CF405M antibody conjugate has been validated in flow cytometry. It is supplied at 5 uL/tes... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 100 ug/mL                                                                                                                                                                                                                                                     |
| Klon-Bezeichnung         | [SJ25C1]                                                                                                                                                                                                                                                      |
| Molekulargewicht         | 95 kDa                                                                                                                                                                                                                                                        |

|                        |                                                                             |
|------------------------|-----------------------------------------------------------------------------|
| UniProt                | <a href="#">P15391</a>                                                      |
| Puffer                 | PBS, 0.1% BSA, 0.05% azide                                                  |
| Quelle                 | Animal                                                                      |
| Anwendungsbeschreibung | Recommended concentration for flow cytometry: 5 uL per million cells/0.1 mL |
