## Product Datasheet

### PRPF39 Antibody, Rabbit, Polyclonal AST-C17848

|                          |                                                                                                                         |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | PRPF39 Antibody, Rabbit, Polyclonal                                                                                     |
| Artikelnummer            | AST-C17848                                                                                                              |
| Hersteller Artikelnummer | C17848                                                                                                                  |
| Alternativnummer         | AST-C17848-50,AST-C17848-100                                                                                            |
| Hersteller               | Assay Biotechnology                                                                                                     |
| Wirt                     | Rabbit                                                                                                                  |
| Kategorie                | Antikörper                                                                                                              |
| Applikation              | ELISA, IF, IHC, WB                                                                                                      |
| Spezies Reaktivität      | Human, Mouse                                                                                                            |
| Immunogen                | The antiserum was produced against synthesized peptide derived from human PRPF39. AA range:263-312                      |
| Produktbeschreibung      | function:Involved in pre-mRNA splicing.,similarity:Belongs to the PRP39 family.,similarity:Contains 7 HAT repeats.,.... |
| Klonalität               | Polyclonal                                                                                                              |
| UniProt                  | <a href="#">Q86UA1</a>                                                                                                  |
| Quelle                   | Polyclonal, Rabbit IgG                                                                                                  |
| Reinheit                 | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.   |

|                        |                                                                         |
|------------------------|-------------------------------------------------------------------------|
| Formulierung           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide. |
| Application Verdünnung | WB 1:500 - 1:2000. IHC 1:100 - 1:300. ELISA: 1:40000.. IF 1:50-200      |
