| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human, Monkey, Mouse, Rat                                                                                                                                                                                                                                                                                       |
| Immunogen                | The antiserum was produced against synthesized peptide derived from human ATP1A2. AA range:971-1020                                                                                                                                                                                                             |
| Produktbeschreibung      | The protein encoded by this gene belongs to the family of P-type cation transport ATPases, and to the subfamily of Na <sup>+</sup> /K <sup>+</sup> -ATPases. Na <sup>+</sup> /K <sup>+</sup> -ATPase is an integral membrane protein responsible for establishing and maintaining the electrochemical gradie... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                                                                      |
| UniProt                  | <a href="#">P50993</a>                                                                                                                                                                                                                                                                                          |
| Quelle                   | Polyclonal, Rabbit IgG                                                                                                                                                                                                                                                                                          |
| Reinheit                 | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                                                                                                                                           |

|                        |                                                                         |
|------------------------|-------------------------------------------------------------------------|
| Formulierung           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide. |
| Application Verdünnung | WB 1:500-2000,IHC 1:50-300, ELISA 2000-20000                            |
