| Immunogen                | The antiserum was produced against synthesized peptide derived from human SNX4. AA range:191-240                                                                                                                                                              |
| Produktbeschreibung      | This gene encodes a member of the sorting nexin family. Members of this family contain a phox (PX) domain, which is a phosphoinositide binding domain, and are involved in intracellular trafficking. This protein associated with the long isoform of the... |
