| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                | Synthesized peptide derived from human protein . at AA range: 800-880                                                                                                                                                                                        |
| Produktbeschreibung      | function:Motor protein that may participate in process critical to neuronal development and function such as cell migration, neurite outgrowth and vesicular transport.,similarity:Contains 1 myosin head-like domain.,similarity:Contains 6 IQ domains.,... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| UniProt                  | <a href="#">O43795</a>                                                                                                                                                                                                                                       |
| Quelle                   | Polyclonal, Rabbit IgG                                                                                                                                                                                                                                       |
| Reinheit                 | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                                                                                        |

|                        |                                                                |
|------------------------|----------------------------------------------------------------|
| Formulierung           | Liquid in PBS containing 50% glycerol, and 0.02% sodium azide. |
| Application Verdünnung | WB 1:500-2000 ELISA 1:5000-20000                               |
