| Kategorie                | Antikörper                                                                                                                                                                                                                  |
| Applikation              | ELISA, WB                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                           |
| Immunogen                | Synthesized peptide derived from human protein . at AA range: 380-460                                                                                                                                                       |
| Produktbeschreibung      | NCB5OR is a flavohemoprotein that contains functional domains found in both cytochrome b5 (CYB5A, MIM 613218) and CYB5 reductase (CYB5R3, MIM 613213) (Zhu et al., 1999 [PubMed 10611283]).[supplied by OMIM, Jan 2010],... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                  |
| UniProt                  | <a href="#">Q7L1T6</a>                                                                                                                                                                                                      |
| Quelle                   | Polyclonal, Rabbit IgG                                                                                                                                                                                                      |
| Reinheit                 | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                                                       |

|                        |                                                                |
|------------------------|----------------------------------------------------------------|
| Formulierung           | Liquid in PBS containing 50% glycerol, and 0.02% sodium azide. |
| Application Verdünnung | WB 1:500-2000 ELISA 1:5000-20000                               |
