| Produktbeschreibung      | The Cdk2 (Phospho-Thr160) Colorimetric Cell-Based ELISA Kit is a convenient, lysate-free, high throughput and sensitive assay kit that can detect Cdk2 (Phospho-Thr160) protein expression profile in cells. The kit can be used for measuring the relativ... |
| Detektionsbereich        | At least 5000 cells/well                                                                                                                                                                                                                                      |
