## Product Datasheet

### Photomedin-2 Antibody, Rabbit, Polyclonal AST-G485

|                          |                                                                                                                                                           |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Photomedin-2 Antibody, Rabbit, Polyclonal                                                                                                                 |
| Artikelnummer            | AST-G485                                                                                                                                                  |
| Hersteller Artikelnummer | G485                                                                                                                                                      |
| Alternativnummer         | AST-G485-100,AST-G485-50                                                                                                                                  |
| Hersteller               | Assay Biotechnology                                                                                                                                       |
| Wirt                     | Rabbit                                                                                                                                                    |
| Kategorie                | Antikörper                                                                                                                                                |
| Applikation              | ELISA, IF, IHC, WB                                                                                                                                        |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                              |
| Immunogen                | The antiserum was produced against synthesized peptide derived from human OLFML2B. AA range:171-220                                                       |
| Produktbeschreibung      | PTM:O-glycosylated and N-glycosylated.,similarity:Contains 1 olfactomedin-like domain.,subunit:Homodimer. Binds to heparin and chondroitin sulfate E.,... |
| Klonalität               | Polyclonal                                                                                                                                                |
| UniProt                  | <a href="#">Q68BL8</a>                                                                                                                                    |
| Quelle                   | Polyclonal, Rabbit IgG                                                                                                                                    |
| Reinheit                 | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                     |

|                        |                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                        |
| Application Verdünnung | WB 1:500 - 1:2000. IHC 1:100 - 1:300. IF 1:200 - 1:1000. ELISA: 1:10000. Not yet tested in other applications. |
