| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IF, IHC                                                                                                                                                                                                                                                |
| Spezies Reaktivität      | Virus                                                                                                                                                                                                                                                         |
| Konjugation              | Biotin                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Assay Biotechnology secondary antibodies are available conjugated to enzyme, biotin or fluorophore for use in a variety of antibody-based applications including Western Blot, ImmunoHistoChemistry, ImmunoFluorescence, Flow Cytometry and ELISA. We offe... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Quelle                   | Monoclonal, Mouse                                                                                                                                                                                                                                             |
| Reinheit                 | The antibody was affinity-purified by affinity-chromatography using antigen-specific immunogen.                                                                                                                                                               |
| Formulierung             | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                                                                                                       |

|                        |                                                |
|------------------------|------------------------------------------------|
| Application Verdünnung | ELISA 1:10000-20000, IHC 1:50-200 IF 1:50-1000 |
|------------------------|------------------------------------------------|
