| Alternativnummer         | ANO-MO-T40007A-0.5MG,ANO-MO-T40007A-0.1MG                                                  |
| Hersteller               | Anogen-Yes Biotech Laboratories                                                            |
| Wirt                     | Mouse                                                                                      |
| Kategorie                | Antikörper                                                                                 |
| Applikation              | EIA, WB                                                                                    |
| Spezies Reaktivität      | Human                                                                                      |
| Immunogen                | Human AFP, which was isolated from amniotic fluid and purified by affinity chromatography. |
| Produktbeschreibung      | Mouse monoclonal antibody to human alpha fetoprotein (AFP)...                              |
| Klonalität               | Monoclonal                                                                                 |
| Klon-Bezeichnung         | [AFP-Y2]                                                                                   |
| Isotyp                   | IgG2b                                                                                      |
| Reinheit                 | Protein G affinity purified                                                                |
| Formulierung             | Aff. Pur                                                                                   |
| Lagerung                 | Store at -20°C                                                                             |

|                        |                                                                                                                                                                                                                                                  |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target-Kategorie       | Human AFP                                                                                                                                                                                                                                        |
| Application Verdünnung | Double distilled water is recommended to adjust the final concentration to 1.00mg/mL.                                                                                                                                                            |
| Anwendungsbeschreibung | ELISA: This antibody can be used as a detection antibody in sandwich immunoassay for human AFP detection in combination with capture antibody mAb AFP-Y1 (Cat. No.: MO-T40007B). Western blot: The antibody identifies 68kD AFP on western blot. |
