### Anti-CACNA1H ATA-HPA039125

|                          |                                                                    |
|--------------------------|--------------------------------------------------------------------|
| Artikelname              | Anti-CACNA1H                                                       |
| Artikelnummer            | ATA-HPA039125                                                      |
| Hersteller Artikelnummer | HPA039125                                                          |
| Alternativnummer         | ATA-HPA039125-100,ATA-HPA039125-25                                 |
| Hersteller               | Atlas Antibodies                                                   |
| Wirt                     | Rabbit                                                             |
| Kategorie                | Antikörper                                                         |
| Applikation              | ICC, IHC                                                           |
| Spezies Reaktivität      | Human                                                              |
| Immunogen                | Recombinant Protein Epitope Signature Tag (PrEST) antigen sequence |
| Konjugation              | Unconjugated                                                       |
| Produktbeschreibung      | calcium channel, voltage-dependent, T type, alpha 1H subunit...    |
| Klonalität               | Polyclonal                                                         |
| Konzentration            | 0.2 mg/ml                                                          |
| Isotyp                   | IgG                                                                |
| NCBI                     | <a href="#">8912</a>                                               |
| UniProt                  | <a href="#">O95180</a>                                             |

|                        |                                                                                                 |
|------------------------|-------------------------------------------------------------------------------------------------|
| Puffer                 | 40% glycerol and PBS (pH 7.2). 0.02% sodium azide is added as preservative.                     |
| Reinheit               | Affinity purified using the PrEST antigen as affinity ligand                                    |
| Sequenz                | EEVSHITSSACPWQPTAEPHGPEASPVAGGERDLRRLYSVDAQGFLDKPGRA<br>DEQWRPSAELGSGEPGEAKAWGPEAEPALGARRKKKMSP |
| Lagerung               | Store at +4°C for short term storage. Long time storage is recommended at -20°C.                |
| Target-Kategorie       | CACNA1H                                                                                         |
| Antibody Type          | Monoclonal Antibody                                                                             |
| Application Verdünnung | ICC-IF: 0.25-2 µg/ml, IHC: 1:200 - 1:500                                                        |
