| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IF, IHC, IP                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant Human Tyrosine-protein kinase Lck protein (1-539AA)                                                                                                                                                                                               |
| Produktbeschreibung      | The LCK Polyclonal Antibody is applicable for the following applications: ELISA, IHC, IF, IP. Host: Rabbit. Species Reactivity: Human (Homo sapiens). Immunogen: Recombinant Human Tyrosine-protein kinase Lck protein (1-539AA). Accession Number: P06239... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | Lot specific. Please inquire or refer to the datasheet included in the product pouch.                                                                                                                                                                         |
| Puffer                   | 0.03% Proclin 300, 50% glycerol, 0.01M PBS, pH 7.4                                                                                                                                                                                                            |
| Reinheit                 | >95%, Protein G purified                                                                                                                                                                                                                                      |
