| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                                              |
| Produktbeschreibung      | Tissue/xa0Factor, also known as thromboplastin and CD142./xa0belongs to the tissue factor family which contains 294 amino acid (aa). Mouse TF consists of a signal peptide (residues 1-28) and the mature chain (residues 29-294). It is a single-pass typ...                      |
| Molekulargewicht         | 26.2 KDa                                                                                                                                                                                                                                                                           |
| NCBI                     | <a href="#">20352</a>                                                                                                                                                                                                                                                              |
| Reinheit                 | Greater than 95% as determined by reducing SDS-PAGE                                                                                                                                                                                                                                |
| Anwendungsbeschreibung   | Always centrifuge tubes before opening.Do not mix by vortex or pipetting.It is not recommended to reconstitute to a concentration less than 100µg/ml.Dissolve the lyophilized protein in distilled water.Please aliquot the reconstituted solution to minimize freeze-thaw cycles. |
