| Hersteller               | MyBiosource                                                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                                                           |
| Reinheit                 | Affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific phosphopeptide. The antibody against non-phosphopeptide was removed by chromatogramphy using non-phosphopeptide corresponding to the phosphorylation site. |
| Formulierung             | In phosphate buffered saline (without Mg <sup>2+</sup> and Ca <sup>2+</sup> ), pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.                                                                                                              |
