| Artikelname                      | Donkey IgG anti-Human IgG (Fc)-unconj., MinX Bo,Ho,Ms                  |
| Artikelnummer                    | JIM-709-005-098                                                        |
| Hersteller Artikelnummer         | 709-005-098                                                            |
| Alternativnummer                 | JIM-709-005-098                                                        |
| Hersteller                       | Jackson ImmunoResearch                                                 |
| Wirt                             | Donkey                                                                 |
| Kategorie                        | Antikörper                                                             |
| Spezies Reaktivität              | Human                                                                  |
| Konjugation                      | Unconjugated                                                           |
| Format                           | IgG                                                                    |
| Spezifität                       | IgG (Fc)                                                               |
| Minimale Kreuzreaktivität (MinX) | Bovine,Equine,Mouse                                                    |
| Klonalität                       | Polyclonal                                                             |
| Puffer                           | Buffer: 0.01M Sodium Phosphate, 0.25M NaCl, pH 7.6. Preservative: None |
| Reinheit                         | AffiniPure                                                             |
| Formulierung                     | Sterile-filtered liquid                                                |

|                        |                                                                                                                                                                                                                                      |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Lagerung               | Storage: Store at 2-8°C under sterile conditions. Prepare working dilution on day of use. Expiration date: one year from date of receipt. The expiration date may be extended if test results are acceptable for the intended use.   |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                   |
| Application Verdünnung | 10-20 µg / ml Dilution factors are presented in the form of a range because the optimal dilution is a function of many factors, such as antigen density, permeability, etc. The actual dilution used must be determined empirically. |
