| Artikelname              | RecombiMAb anti-mouse Ly6G/Ly6C (Gr-1), Clone: [RB6-8C5-CP135],<br>Mouse, Recombinant |
| Artikelnummer            | BXC-CP135-INDUSTRIAL                                                                  |
| Hersteller Artikelnummer | CP135                                                                                 |
| Alternativnummer         | BXC-CP135-1MG,BXC-CP135-5MG,BXC-CP135-25MG,BXC-CP135-<br>50MG,BXC-CP135-100MG         |
| Hersteller               | Bio X Cell                                                                            |
| Wirt                     | Mouse                                                                                 |
| Kategorie                | Antikörper                                                                            |
| Spezies Reaktivität      | Mouse                                                                                 |
| Immunogen                | Mouse granulocytes                                                                    |
| Klonalität               | Recombinant                                                                           |
| Konzentration            | Lot specific,typically between 4-11 mg/ml                                             |
| Klon-Bezeichnung         | [RB6-8C5-CP135]                                                                       |
| Molekulargewicht         | 150 kDa                                                                               |
| Reinheit                 | 95% , Determined by SDS-PAGE                                                          |
| Formel                   | PBS, pH 7.0, Contains no stabilizers or preservatives                                 |
| Target-Kategorie         | Ly6G/Ly6C                                                                             |

|                        |                                                                                                                                                                                            |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | <p>in vivo depletion of Gr-1+ myeloid cells*, Flow cytometry*, Immunohistochemistry (paraffin)*, Immunohistochemistry (frozen)*, *Reported for the original rat IgG2b RB6-8C5 antibody</p> |
