### Recombinant Human IL-3 Protein, GMP Grade RAY-230-G3004-50

|                          |   |
|--------------------------|---|
| Artikelname              | Recombinant Human IL-3 Protein, GMP Grade   |
| Artikelnummer            | RAY-230-G3004-50  |
| Hersteller Artikelnummer | 230-G3004-50  |
| Alternativnummer         | RAY-230-G3004-50  |
| Hersteller               | RayBiotech  |
| Kategorie                | Proteine/Peptide  |
| Spezies Reaktivität      | Human   |
| Produktbeschreibung      | GMP Recombinant Human IL-3 Protein is produced in GMP compliance facility designed under ISO 13485:2016, cGMP, and ISO 17025:2017 certifications utilizing animal-origin free and beta-lactam free materials under stringent quality management.... |
| Molekulargewicht         | The recombinant human IL-3 protein has predicted molecular weight of 15 kDa. Due to glycosylation, the protein migrates as 17-30 kDa on SDS-PAGE gel under reducing conditions.   |
| Tag                      | C-terminal His-tag  |
| NCBI                     | <a href="#">3562</a>  |
| Expression System        | HEK293 cells  |
| Reinheit                 | SDS-PAGE under reducing conditions and visualized by Coomassie blue staining  |
| Formulierung             | White powder  |

|                        |   |
|------------------------|---|
| Sequenz                | Ala20-Phe152  |
| Formel                 | Lyophilized powder from sterile filtered PBS, pH 7.4, with stabilizers.   |
| Anwendungsbeschreibung | Briefly spin the vial and bring the contents to the bottom prior to opening. It is recommended to reconstitute at 0.5-1.0 mg/mL with sterile deionized water or 1x PBS. |
