## Product Datasheet

**Anti-Hyper-Phospho-Tau (pSer214) Antibody, Biotinylated, Rabbit,  
Polyclonal  
RAY-RB-02-0010B-50**

|                          |                                                                                                                                                                                                                                          |

| Hersteller               | RayBiotech                                                                                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                                                                                   |
| Kategorie                | Antikörper                                                                                                                                                                                                                               |
| Immunogen                | Immunogen was synthetic phosphorylated peptide derived from human Tau. This antibody was obtained from a rabbit immunized with the immunogen. The IgG fraction of immunized serum was purified by two step affinity chromatography.      |
| Produktbeschreibung      | Rabbit anti-Hyper-phosphorylated-Tau (pSer214) Biotinylated Antibody, 50 ug...                                                                                                                                                           |
| Klonalität               | Polyclonal                                                                                                                                                                                                                               |
| Tag                      | Biotin                                                                                                                                                                                                                                   |
| UniProt                  | NP_058518                                                                                                                                                                                                                                |
| Anwendungsbeschreibung   | ELISA (recommended work dilution= 1: 2,000-4,000), Western Blotting (recommended work dilution= 2-5 µg/ml), Note: Other applications are not tested yet. Optimal dilutions should be determined by each laboratory for each application. |
