| Kategorie                | Antikörper                                                                                                                                                                                                                                                               |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                                    |
| Immunogen                | Immunogen was synthetic peptide derived from Human C-peptide. This antibody was produced from a rabbit immunized with the immunogen. The IgG fraction was purified from rabbit serum by ammonium sulphate precipitation followed by Protein A/G affinity chromatography. |
| Produktbeschreibung      | Rabbit Anti-Human C-Peptide Antibody...                                                                                                                                                                                                                                  |
