| Hersteller               | RayBiotech                                                                                                                                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                                                   |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                                               |
| Immunogen                | Immunogen is a synthetic peptide derived from Drosophila Neuropeptide F. This antibody was produced from a rabbit immunized with the immunogen. The IgG fraction was purified from rabbit serum by ammonium sulphate precipitation, and followed by Protein A/G affinity chromatography. |
| Produktbeschreibung      | Rabbit anti-NPF Receptor (N-terminus) Biotinylated Antibody, 50 ug...                                                                                                                                                                                                                    |
