| Hersteller               | Creative BioMart                                                                                                                                                                                            |
| Wirt                     | Human                                                                                                                                                                                                       |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                            |
| Molekulargewicht         | The recombinant rat ACE2 comprises 734 amino acids and predicts a molecular mass of 85 kDa. The apparent molecular mass of the rat ACE2 is approximately 105-115 kDa in SDS-PAGE under reducing conditions. |
| Tag                      | His                                                                                                                                                                                                         |
| Quelle                   | Rat                                                                                                                                                                                                         |
| Reinheit                 | > 97 % as determined by SDS-PAGE                                                                                                                                                                            |
| Anwendungsbeschreibung   | For Research Use Only. Not intended for any clinical use.                                                                                                                                                   |
