RAW 264.7 Polarized M1 Macrophage Induction and Identification Kit ELA-XJM004

Artikelname	RAW 264.7 Polarized M1 Macrophage Induction and Identification Kit
Artikelnummer	ELA-XJM004
Hersteller Artikelnummer	XJM004
Alternativnummer	ELA-XJM004-100ASSAYS, ELA-XJM004-20ASSAYS
Hersteller	Elabscience
Kategorie	Kits/Assays
Applikation	FC
Proben	RAW 264.7 Cells
Anwendungsbeschreibung	This kit provides a complete set of differentiation and identification protocols for RAW 264.7 polarized to M1 macrophages, including M1 macrophage differentiation differentiation and identification reagents, which provides stable and reliable support for the differentiation and identification of RAW 264.7 polarized to M1 macrophages, and improves the efficiency and stability of differentiation and identification of RAW 264.7 polarized to M1 macrophages.
