| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                          |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                   |
| Produktbeschreibung      | S100 protein beta chain (S100B), a member of the S100 family, is also known as S100 protein subunit beta and S100 calciumbinding protein B, which contains two EFhand domains. S100B can weakly bind calcium but bind zinc very tightlydistinct binding sit... |
| Molekulargewicht         | 11.5 kDa                                                                                                                                                                                                                                                       |
| Tag                      | N-6*His                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">006263</a>                                                                                                                                                                                                                                         |
| Puffer                   | 50 mM Tris, 150 mM NaCl, pH8.0                                                                                                                                                                                                                                 |
| Reinheit                 | 95%                                                                                                                                                                                                                                                            |
| Formulierung             | Powder                                                                                                                                                                                                                                                         |
