| Immunogen                | adult mouse testis                                                                                                                                                                                                                                            |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | This antibody recognizes a mouse testicular germ cell-specific antigen. In adult tissues, bands of 60-100 kDa proteins are detected only in the testis by Western blotting analysis with this antibody. The signals are observed in male and female embryo... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                                                                                                      |
| Klon-Bezeichnung         | [TRA98]                                                                                                                                                                                                                                                       |

|                        |                                                                                                                                                                                                   |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotyp                 | IgG2a                                                                                                                                                                                             |
| Puffer                 | PBS, 50% Glycerol, no preservatives.                                                                                                                                                              |
| Formulierung           | Liquid                                                                                                                                                                                            |
| Anwendungsbeschreibung | WB: 1:1000-1:5000. ICC/IF: 1:400. IHC-P: 1:200-1:500. IHC-Fr: 1:200-1:500. IP: 1:200. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
