| Alternativnummer         | GTX04161-500                                                                                                                                                              |
| Hersteller               | GeneTex                                                                                                                                                                   |
| Wirt                     | Goat                                                                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                                                                |
| Applikation              | ELISA, FC, IHC, WB                                                                                                                                                        |
| Spezies Reaktivität      | Golden Hamster                                                                                                                                                            |
| Immunogen                | Pepsin digest of Goat Anti-Hamster IgG(H+L).                                                                                                                              |
| Konjugation              | Unconjugated                                                                                                                                                              |
| Klonalität               | Polyclonal                                                                                                                                                                |
| Konzentration            | 0.5 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                |
| Sensitivitaet            | Pre-adsorbed with Mouse and rat immunoglobulins and pooled sera. May react with immunoglobulins from other species and the light chains of other hamster immunoglobulins. |
| Puffer                   | Borate buffered saline, no preservatives.                                                                                                                                 |

|                  |        |
|------------------|--------|
| Formulierung     | Liquid |
| Target-Kategorie | IgG    |
