| Hersteller               | GeneTex                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                             |
| Kategorie                | Antikörper                                                                                                                                         |
| Applikation              | ELISA, FC, ICC, IHC-Fr, IHC-P, WB                                                                                                                  |
| Spezies Reaktivität      | Goat                                                                                                                                               |
| Immunogen                | Pooled antisera from rabbits hyperimmunized with goat IgG                                                                                          |
| Konjugation              | FITC                                                                                                                                               |
| Klonalität               | Polyclonal                                                                                                                                         |
| Konzentration            | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                                                           |
| Sensitivitaet            | Pre-adsorbed with Human serum proteins (SP). May react with immunoglobulins from other species and the light chains of other goat immunoglobulins. |
| Puffer                   | PBS, 0.09% sodium azide.                                                                                                                           |
| Formulierung             | Liquid                                                                                                                                             |
| Target-Kategorie         | IgG                                                                                                                                                |

Anwendungsbeschreibung

ELISA: 1:200-1:400. \*Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications.
