## Product Datasheet

### Goat Anti-Mouse lambda light chain antibody, pre-adsorbed (Biotin), Polyclonal GTX04203-02

|                          |                                                                                                        |
|--------------------------|--------------------------------------------------------------------------------------------------------|
| Artikelname              | Goat Anti-Mouse lambda light chain antibody, pre-adsorbed (Biotin), Polyclonal                         |
| Artikelnummer            | GTX04203-02                                                                                            |
| Hersteller Artikelnummer | GTX04203-02                                                                                            |
| Alternativnummer         | GTX04203-02-1                                                                                          |
| Hersteller               | GeneTex                                                                                                |
| Wirt                     | Goat                                                                                                   |
| Kategorie                | Antikörper                                                                                             |
| Applikation              | Activation, ELISA, ELISpot, FC, ICC, IHC-Fr, IHC-P, IP, WB                                             |
| Spezies Reaktivität      | Mouse                                                                                                  |
| Immunogen                | Pooled antisera from goats hyperimmunized with mouse lambda light chains                               |
| Konjugation              | Biotin                                                                                                 |
| Klonalität               | Polyclonal                                                                                             |
| Konzentration            | 0.5 mg/ml (Please refer to the vial label for the specific concentration.)                             |
| Sensitivitaet            | Pre-adsorbed with Mouse &kappa, light chains. May react with &lambda, light chains from other species. |
| Puffer                   | PBS, 0.09% sodium azide.                                                                               |

|                        |                                                                                                                                                        |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                                 |
| Target-Kategorie       | IgG (lambda light chain)                                                                                                                               |
| Anwendungsbeschreibung | FCM: 1 µg/106cells. ELISA: 1:5000-1:20000. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
