### Human Cardiac Troponin I protein, Unconjugated GTX05105-PRO

|                          |                                                                                                                                                                  |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Human Cardiac Troponin I protein, Unconjugated                                                                                                                   |
| Artikelnummer            | GTX05105-PRO                                                                                                                                                     |
| Hersteller Artikelnummer | GTX05105-pro                                                                                                                                                     |
| Alternativnummer         | GTX05105-PRO-100                                                                                                                                                 |
| Hersteller               | GeneTex                                                                                                                                                          |
| Kategorie                | Proteine/Peptide                                                                                                                                                 |
| Spezies Reaktivität      | Human                                                                                                                                                            |
| Konjugation              | Unconjugated                                                                                                                                                     |
| UniProt                  | <a href="#">P19429</a>                                                                                                                                           |
| Puffer                   | Reconstitute with Tris/urea buffer (20 mM Tris, pH 7.5, 7 M urea, 5 mM EDTA, 15 mM 2-mercaptoethanol) to 1 mg/mL. Lyophilized from 0.01 M HCl, no preservatives. |
| Expression System        | E. coli                                                                                                                                                          |
| Formulierung             | Lyophilized powder                                                                                                                                               |
| Sequenz                  | Recombinant human cardiac TnI contains additional methionine residue at the N-terminus (in comparison with native protein expressed in cardiomyocytes), 201aa.   |
| Anwendungsbeschreibung   | Recommended antibody pairs for Sandwich ELISA: Capture : GTX10231 / GTX28289, Detection : GTX38804                                                               |
