| Hersteller               | ABclonal                                                                                                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive.                                                                                                                                                                               |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Vasodilator-stimulated phosphoprotein (VASP) is a member of the Ena-VASP protein family. Ena-VASP family members contain an EHV1 N-terminal domain that binds proteins containing E/DFPPPPXD/E motifs and targets Ena-VASP proteins to focal adhesions. In... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Molekulargewicht         | 40kDa                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">7408</a>                                                                                                                                                                                                                                          |

|                        |                                                                                                                                                                                                           |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">P50552</a>                                                                                                                                                                                    |
| Reinheit               | Affinity purification                                                                                                                                                                                     |
| Target-Kategorie       | VASP                                                                                                                                                                                                      |
| Application Verdünnung | WB,1:500 - 1:1000 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements.                                                       |
| Anwendungsbeschreibung | Cross-Reactivity: Human. ResearchArea: Protein phosphorylation,Signal Transduction,Cell Biology Developmental Biology,Cytoskeleton,Actins,Extracellular Matrix,Immunology Inflammation. Shipping: Ice Bag |
