| Immunogen                | Ser32-Ser355                                                                                                                                                                                                                                |
| Produktbeschreibung      | Recombinant Human WAIF1/5T4/TPBG Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Ser32-Ser355) of human TPBG/5T4 (Accession NP_006661.1) fused with a 6*His tag at the C-terminus.... |
| Konzentration            | < 1 EU/µg of the protein by LAL method.                                                                                                                                                                                                     |
| Molekulargewicht         | 36.16 kDa                                                                                                                                                                                                                                   |
| Tag                      | C-His                                                                                                                                                                                                                                       |
| NCBI                     | <a href="#">7162</a>                                                                                                                                                                                                                        |
| UniProt                  | <a href="#">Q13641</a>                                                                                                                                                                                                                      |

|                        |                                                              |
|------------------------|--------------------------------------------------------------|
| Quelle                 | HEK293 cells                                                 |
| Reinheit               | 95 % as determined by SDS-PAGE.                              |
| Formulierung           | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. |
| Target-Kategorie       | WAIF1/5T4/TPBG                                               |
| Application Verdünnung | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. |
| Anwendungsbeschreibung | ResearchArea: Other Recombinant Protein. Shipping: Ice Bag   |
