| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                  |
| Immunogen                | Arg25-Ala667                                                                                                                                                                                                                                           |
| Produktbeschreibung      | Recombinant Mouse CDCP1/gp140/CD318 Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Arg25-Ala667) of mouse CDCP1/CD318 (Accession NP_598735.2) fused with a 6*His, Avi tag at the C-terminus.... |
| Konzentration            | < 0.1 EU/μg of the protein by LAL method.                                                                                                                                                                                                              |
| Molekulargewicht         | 75.06 kDa                                                                                                                                                                                                                                              |
| Tag                      | C-His&Avi                                                                                                                                                                                                                                              |

| UniProt                  | <a href="#">Q5U462</a>                                                                                                                                                                                                                                 |

|                        |                                                              |
|------------------------|--------------------------------------------------------------|
| Quelle                 | HEK293 cells                                                 |
| Reinheit               | 95 % as determined by SDS-PAGE.                              |
| Formulierung           | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. |
| Target-Kategorie       | CD318                                                        |
| Application Verdünnung | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. |
| Anwendungsbeschreibung | ResearchArea: Other Recombinant Protein. Shipping: Ice Bag   |
