| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                  |
| Immunogen                | Val30-Ser105                                                                                                                                                                                                                           |
| Produktbeschreibung      | Recombinant Mouse CXCL4/PF-4 Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Val30-Ser105)of Mouse CXCL4/PF-4 (Accession NP_064316.1) fused with a His tag at the C-terminus.... |
| Konzentration            | < 1 EU/μg of the protein by LAL method.                                                                                                                                                                                                |
| Molekulargewicht         | 9.05 kDa                                                                                                                                                                                                                               |
| Tag                      | C-His                                                                                                                                                                                                                                  |

| Quelle                   | HEK293 cells                                                                                                                                                                                                                           |

|                        |                                                                 |
|------------------------|-----------------------------------------------------------------|
| Reinheit               | 90 % as determined by SDS-PAGE.                                 |
| Formulierung           | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4.    |
| Target-Kategorie       | CXCL4                                                           |
| Application Verdünnung | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4.    |
| Anwendungsbeschreibung | ResearchArea: Cytokines & Cytokine receptors. Shipping: Ice Bag |
