| Wirt                     | Human                                                                                                                                                                                                                         |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                         |
| Immunogen                | Ala17-Asp181                                                                                                                                                                                                                  |
| Produktbeschreibung      | Recombinant Human NBL1 Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Ala17-Asp181) of human NBL1 (Accession NP_005371.1) fused with a 6*His tag at the C-terminus.... |
| Konzentration            | < 0.01 EU/µg of the protein by LAL method                                                                                                                                                                                     |
| Molekulargewicht         | 18.53 kDa                                                                                                                                                                                                                     |
| Tag                      | C-His                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">4681</a>                                                                                                                                                                                                          |
| UniProt                  | <a href="#">P41271</a>                                                                                                                                                                                                        |

|                        |                                                              |
|------------------------|--------------------------------------------------------------|
| Quelle                 | HEK293 cells                                                 |
| Reinheit               | 95 % as determined by SDS-PAGE.                              |
| Formulierung           | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. |
| Target-Kategorie       | NBL1                                                         |
| Application Verdünnung | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. |
| Anwendungsbeschreibung | ResearchArea: Other Recombinant Protein. Shipping: Ice Bag   |
