## Product Datasheet

### Recombinant Adenylyl Cyclase Associated Protein 2 (CAP2), E. coli USC-RPC830HU02

|                          |                                                                                                                    |
|--------------------------|--------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Recombinant Adenylyl Cyclase Associated Protein 2 (CAP2), E. coli                                                  |
| Artikelnummer            | USC-RPC830HU02                                                                                                     |
| Hersteller Artikelnummer | RPC830Hu02                                                                                                         |
| Alternativnummer         | USC-RPC830HU02-10, USC-RPC830HU02-50, USC-RPC830HU02-100, USC-RPC830HU02-200, USC-RPC830HU02-500, USC-RPC830HU02-1 |
| Hersteller               | Cloud-Clone                                                                                                        |
| Wirt                     | E. coli                                                                                                            |
| Kategorie                | Proteine/Peptide                                                                                                   |
| Applikation              | Control, SDS-PAGE, WB                                                                                              |
| Spezies Reaktivität      | Human                                                                                                              |
| Molekulargewicht         | Predicted Molecular Mass(KD): 59.5kDa. Accurate Molecular Mass(KD): 60kDa                                          |
| Tag                      | N-terminal His Tag                                                                                                 |
| UniProt                  | <a href="#">P40123</a>                                                                                             |
| Puffer                   | 20mM Tris, 150mM NaCl, pH8.0, containing 1mM EDTA, 1mM DTT, 0.01% SKL, 5% Trehalose and Proclin300.                |
| Quelle                   | Prokaryotic expression                                                                                             |
| Expression System        | Prokaryotic expression                                                                                             |
| Reinheit                 | > 80%                                                                                                              |

|              |                     |
|--------------|---------------------|
| Formulierung | Freeze-dried powder |
