## Product Datasheet

### Recombinant Platelet Derived Growth Factor D (PDGFD), E. coli USC-RPC919MU01

|                          |                                                                                                                    |
|--------------------------|--------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Recombinant Platelet Derived Growth Factor D (PDGFD), E. coli                                                      |
| Artikelnummer            | USC-RPC919MU01                                                                                                     |
| Hersteller Artikelnummer | RPC919Mu01                                                                                                         |
| Alternativnummer         | USC-RPC919MU01-10, USC-RPC919MU01-50, USC-RPC919MU01-100, USC-RPC919MU01-200, USC-RPC919MU01-500, USC-RPC919MU01-1 |
| Hersteller               | Cloud-Clone                                                                                                        |
| Wirt                     | E. coli                                                                                                            |
| Kategorie                | Proteine/Peptide                                                                                                   |
| Applikation              | Control, SDS-PAGE, WB                                                                                              |
| Spezies Reaktivität      | Mouse                                                                                                              |
| Molekulargewicht         | Predicted Molecular Mass(KD): 43.2kDa. Accurate Molecular Mass(KD): 50kDa                                          |
| Tag                      | N-terminal His Tag                                                                                                 |
| UniProt                  | <a href="#">Q925I7</a>                                                                                             |
| Puffer                   | 20mM Tris, 150mM NaCl, pH8.0, containing 1mM EDTA, 1mM DTT, 0.01% SKL, 5% Trehalose and Proclin300.                |
| Quelle                   | Prokaryotic expression                                                                                             |
| Expression System        | Prokaryotic expression                                                                                             |
| Reinheit                 | > 97%                                                                                                              |

|              |                     |
|--------------|---------------------|
| Formulierung | Freeze-dried powder |
