## Product Datasheet

### Recombinant ATPase, H<sup>+</sup> Transporting, Mitochondrial F1 Complex Delta Polypeptide (ATP5d), E. coli USC-RPG390MU01

|                          |                                                                                                                    |
|--------------------------|--------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Recombinant ATPase, H <sup>+</sup> Transporting, Mitochondrial F1 Complex Delta Polypeptide (ATP5d), E. coli       |
| Artikelnummer            | USC-RPG390MU01                                                                                                     |
| Hersteller Artikelnummer | RPG390Mu01                                                                                                         |
| Alternativnummer         | USC-RPG390MU01-10, USC-RPG390MU01-50, USC-RPG390MU01-100, USC-RPG390MU01-200, USC-RPG390MU01-500, USC-RPG390MU01-1 |
| Hersteller               | Cloud-Clone                                                                                                        |
| Wirt                     | E. coli                                                                                                            |
| Kategorie                | Proteine/Peptide                                                                                                   |
| Applikation              | Control, SDS-PAGE, WB                                                                                              |
| Spezies Reaktivität      | Mouse                                                                                                              |
| Molekulargewicht         | Predicted Molecular Mass(KD): 21.3kDa. Accurate Molecular Mass(KD): 23kDa                                          |
| Tag                      | N-terminal His Tag                                                                                                 |
| UniProt                  | <a href="#">Q9D3D9</a>                                                                                             |
| Puffer                   | PBS, pH7.4, containing 0.01% SKL, 1mM DTT, 5% Trehalose and Proclin300.                                            |
| Quelle                   | Prokaryotic expression                                                                                             |

|                   |                        |
|-------------------|------------------------|
| Expression System | Prokaryotic expression |
| Reinheit          | > 97%                  |
| Formulierung      | Freeze-dried powder    |
