| Produktbeschreibung      | The protein encoded by this gene is highly similar to the protein encoded by the <i>Saccharomyces cerevisiae</i> SEC14 gene. The SEC14 protein is a phosphatidylinositol transfer protein that is essential for biogenesis of Golgi-derived transport vesicles, an... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                            |
