| Hersteller               | Aves Labs                                                                                                                                                                                                                                              |
| Wirt                     | Gallus                                                                                                                                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                                                                                                                                             |
| Applikation              | AT, ELISA, ICC, IHC, WB                                                                                                                                                                                                                                |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                  |
| Immunogen                | Fusion protein amino acids 1-110 (full-length) of rat Parvalbumin (accession number P02625) produced recombinantly in E. Coli                                                                                                                          |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                           |
| Produktbeschreibung      | Our chicken Anti-Parvalbumin recombinant monoclonal antibody is a chimeric antibody derived from NeuroMab clone L114/81. It detects mouse and rat Parvalbumin, and is purified by affinity chromatography. It is great for use in AT, ICC, IHC, WB.... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                            |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                                                |

|                  |                                   |
|------------------|-----------------------------------|
| Klon-Bezeichnung | [L114/81]                         |
| Molekulargewicht | 12 kDa                            |
| Puffer           | 1X PBS, 0.05% Sodium Azide pH 7.4 |
| Formulierung     | Liquid                            |
| Target-Kategorie | Parvalbumin                       |
| Antibody Type    | Primary Antibody                  |
