| Alternativnummer         | NSJ-F40161-0.08ML                                                                                                                                                                                                                                                    |
| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                               |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                           |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                                |
| Immunogen                | This TNK1 antibody was produced from rabbits immunized with TNK1 recombinant protein.                                                                                                                                                                                |
| Produktbeschreibung      | Protein kinases are enzymes that transfer a phosphate group from a phosphate donor, generally the $\gamma$ phosphate of ATP, onto an acceptor amino acid in a substrate protein. By this basic mechanism, protein kinases mediate most of the signal transduction... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                           |
| UniProt                  | <a href="#">Q13470</a>                                                                                                                                                                                                                                               |
| Reinheit                 | Antigen affinity                                                                                                                                                                                                                                                     |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                                                                           |

|                        |                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                                                                    |
| Application Verdünnung | Western blot: 1:1000                                                                                                |
| Anwendungsbeschreibung | Titration of the TNK1 antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
