| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 51-79 from the human protein was used as the immunogen for this CD55 antibody.                                                                                                                                                       |
| Produktbeschreibung      | This gene encodes a protein involved in the regulation of the complement cascade. The encoded glycoprotein is also known as the decay-accelerating factor (DAF), binding of DAF to complement proteins accelerates their decay, disrupting the cascade and... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [561CT4.2.3]                                                                                                                                                                                                                                                  |
| UniProt                  | <a href="#">P08174</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified                                                                                                                                                                                                                                                      |

|                        |                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------|
| Formulierung           | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                          |
| Antibody Type          | Primary Antibody                                                                                                    |
| Application Verdünnung | Western blot: 1:100                                                                                                 |
| Anwendungsbeschreibung | Titration of the CD55 antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
