| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | This IKK gamma antibody was raised using purified His-tagged recombinant full length human IKKg.                                                                                                                                                              |
| Produktbeschreibung      | This gene encodes the regulatory subunit of the inhibitor of kappaB kinase (IKK) complex, which activates NF-kB resulting in activation of genes involved in inflammation, immunity, cell survival, and other pathways. Mutations in this gene result in i... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [55AT986.5.78]                                                                                                                                                                                                                                                |
| UniProt                  | <a href="#">Q9Y6K9</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified                                                                                                                                                                                                                                                      |

|                        |                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                               |
| Antibody Type          | Primary Antibody                                                                                                         |
| Application Verdünnung | Western blot: 1:100-1:500                                                                                                |
| Anwendungsbeschreibung | Titration of the IKK gamma antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
