| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IF, WB                                                                                                                                                                                                                                                 |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 211-240 from the human protein was used as the immunogen for this MyoD antibody.                                                                                                                                                     |
| Produktbeschreibung      | This gene encodes a nuclear protein that belongs to the basic helix-loop-helix family of transcription factors and the myogenic factors subfamily. It regulates muscle cell differentiation by inducing cell cycle arrest, a prerequisite for myogenic ini... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P15172</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Antigen affinity                                                                                                                                                                                                                                              |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                                                                    |

|                        |                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                                                                    |
| Application Verdünnung | Western blot: 1:1000,Immunofluorescence: 1:10-1:50                                                                  |
| Anwendungsbeschreibung | Titration of the MyoD antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
