| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A recombinant partial protein sequence (within amino acids 1-200) from the human protein was used as the immunogen for the recombinant NeuN antibody.                                                                                                         |
| Produktbeschreibung      | This antibody specifically recognizes the DNA-binding, neuron-specific protein NeuN, which is present in most CNS and PNS neuronal cell types of all vertebrates tested. NeuN protein distributions are apparently restricted to neuronal nuclei and some ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [rNEUN/8055]                                                                                                                                                                                                                                                  |

|                        |                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">A6NFN3</a>                                                                    |
| Reinheit               | Protein A/G affinity                                                                      |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide                   |
| Antibody Type          | Primary Antibody                                                                          |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml for 30 min at RT                                    |
| Anwendungsbeschreibung | Optimal dilution of the recombinant NeuN antibody should be determined by the researcher. |
