| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A recombinant human partial protein (amino acids 10-123) was used as the immunogen for the NKX2.8 antibody.                                                                                                                                                   |
| Produktbeschreibung      | The protein encoded by this gene is a homeobox-containing developmental regulator associated with liver development. The encoded protein binds to the alpha-fetoprotein (AFP) gene promoter and increases the expression of AFP. This gene is overexpresse... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [NKX28/2547]                                                                                                                                                                                                                                                  |
| UniProt                  | <a href="#">O15522</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein G affinity chromatography                                                                                                                                                                                                                             |

|                        |                                                                                 |
|------------------------|---------------------------------------------------------------------------------|
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                  |
| Antibody Type          | Primary Antibody                                                                |
| Application Verdünnung | Western blot: 1-2ug/ml                                                          |
| Anwendungsbeschreibung | Optimal dilution of the NKX2.8 antibody should be determined by the researcher. |
