| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant human protein was used as the immunogen for this WT1 antibody.                                                                                                                                                                                    |
| Produktbeschreibung      | Recognizes a 47-55kDa-tumor suppressor protein, identified as Wilms Tumor (WT1) protein. The antibody reacts with all isoforms of the full-length WT1 and also identifies WT1 lacking exon 2-encoded amino acids, frequently found in subsets of sporadic ... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P19544</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein A affinity chromatography                                                                                                                                                                                                                             |
| Formulierung             | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                                                                                                                                                                                |

|                        |                                                                              |
|------------------------|------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                             |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml                                        |
| Anwendungsbeschreibung | Optimal dilution of the WT1 antibody should be determined by the researcher. |
