| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, FACS, IF, IHC-P                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 108-261 from the human protein was used as the immunogen for the CD40L antibody.                                                                                                                                                     |
| Produktbeschreibung      | CD40LG expression is mainly confined to the CD4-positive-T-cell subset. Its expression is induced shortly after T-cell activation and represents an early activation marker of T lymphocytes. CD40 is constitutively expressed mainly on B cells, macropha... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [CD40LG/2763]                                                                                                                                                                                                                                                 |
| UniProt                  | <a href="#">P29965</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                                                                                   |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reinheit               | Protein G affinity chromatography                                                                                                                                 |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced) and 0.05% sodium azide                                                                                        |
| Antibody Type          | Primary Antibody                                                                                                                                                  |
| Application Verdünnung | ELISA (order BSA-free format for coating),Flow cytometry: 1-2ug/10 <sup>6</sup> cells in 0.1ml,Immunofluorescence: 1-2ug/ml,Immunohistochemistry (FFPE): 1-2ug/ml |
| Anwendungsbeschreibung | Optimal dilution of the CD40L antibody should be determined by the researcher.                                                                                    |
