| Wirt                     | Mouse                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                     |
| Applikation              | FACS, IF                                                                                                                                                                                                       |
| Spezies Reaktivität      | Human                                                                                                                                                                                                          |
| Immunogen                | Recombinant full-length human OVOL2 protein was used as the immunogen for the OVOL2 antibody.                                                                                                                  |
| Produktbeschreibung      | Transcription factor Ovo-like 2 is a zinc-finger transcription repressor factor that suppresses cell cycling and terminal differentiation of keratinocytes by directly repressing MYC and NOTCH1. (UniProt)... |
| Klonalität               | Monoclonal                                                                                                                                                                                                     |
| Klon-Bezeichnung         | [PCRP-OVOL2-2A1]                                                                                                                                                                                               |
| UniProt                  | <a href="#">Q9BRP0</a>                                                                                                                                                                                         |
| Reinheit                 | Protein A/G affinity                                                                                                                                                                                           |

|                        |                                                                                |
|------------------------|--------------------------------------------------------------------------------|
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide        |
| Antibody Type          | Primary Antibody                                                               |
| Application Verdünnung | Flow cytometry: 1-2ug/million cells,Immunofluorescence: 1-2ug/ml               |
| Anwendungsbeschreibung | Optimal dilution of the OVOL2 antibody should be determined by the researcher. |
