| Artikelname              | Recombinant Mucin 6 Antibody / MUC6 / Gastric Mucin, Clone:<br>[MUC6/7069R], Rabbit, Monoclonal                                                                    |
| Artikelnummer            | NSJ-V8924SAF-100UG                                                                                                                                                 |
| Hersteller Artikelnummer | V8924SAF-100UG                                                                                                                                                     |
| Alternativnummer         | NSJ-V8924SAF-100UG                                                                                                                                                 |
| Hersteller               | NSJ Bioreagents                                                                                                                                                    |
| Wirt                     | Rabbit                                                                                                                                                             |
| Kategorie                | Antikörper                                                                                                                                                         |
| Applikation              | IHC-P                                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                              |
| Immunogen                | Recombinant human recombinant Mucin 6 protein was used as the immunogen for the MUC6 antibody.                                                                     |
| Produktbeschreibung      | Mucin 6 is a secretory mucin, located in the deeper mucosal folds of human gall bladder, and its expression is altered with increasing degrees of inflammation.... |
| Klonalität               | Monoclonal                                                                                                                                                         |
| Klon-Bezeichnung         | [MUC6/7069R]                                                                                                                                                       |
| UniProt                  | <a href="#">Q6W4X9</a>                                                                                                                                             |
| Reinheit                 | Protein A/G affinity                                                                                                                                               |

|                        |                                                                                              |
|------------------------|----------------------------------------------------------------------------------------------|
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                               |
| Antibody Type          | Primary Antibody                                                                             |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml                                                        |
| Anwendungsbeschreibung | Optimal dilution of the recombinant Mucin 6 antibody should be determined by the researcher. |
