| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant full-length human TOM1L1 protein was used as the immunogen for the TOM1L1 antibody.                                                                                                                                                               |
| Produktbeschreibung      | Tom1 (target of Myb 1) is a 492 amino acid cytoplasmic protein that belongs to the Tom1 family. Widely expressed with highest expression in heart, liver, placenta and skeletal muscle, Tom1 is thought to be involved in intracellular trafficking and ma... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [TOM1L1/4690]                                                                                                                                                                                                                                                 |
| UniProt                  | <a href="#">O75674</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein A/G affinity                                                                                                                                                                                                                                          |

|                        |                                                                                 |
|------------------------|---------------------------------------------------------------------------------|
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide         |
| Antibody Type          | Primary Antibody                                                                |
| Application Verdünnung | Immunohistochemistry (FFPE): 2-4ug/ml                                           |
| Anwendungsbeschreibung | Optimal dilution of the TOM1L1 antibody should be determined by the researcher. |
