| Wirt                     | Mouse                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | FACS, IF, WB                                                                                                                                                                                                                                                 |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | Recombinant full-length human RPS6KA5 protein was used as the immunogen for the RPS6KA5 antibody.                                                                                                                                                            |
| Produktbeschreibung      | The family of ribosomal S6 kinases (Rsk), designated Rsk-1, Rsk-2 and Rsk-3, have been implicated as important signaling intermediates in response to a broad range of ligand-activated receptor tyrosine kinases. A unique feature common to the three m... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                   |
| Klon-Bezeichnung         | [PCRP-RPS6KA5-1A8]                                                                                                                                                                                                                                           |
| UniProt                  | <a href="#">075582</a>                                                                                                                                                                                                                                       |

|                        |                                                                                         |
|------------------------|-----------------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                                    |
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                          |
| Antibody Type          | Primary Antibody                                                                        |
| Application Verdünnung | Flow cytometry: 1-2ug/million cells,Immunofluorescence: 1-2ug/ml,Western blot: 1-2ug/ml |
| Anwendungsbeschreibung | Optimal dilution of the RPS6KA5 antibody should be determined by the researcher.        |
